#### NSBA Releases 2007 Small Business Survey

NSBA recently released the results of a national survey exploring the state of the small-business community and business owners' opinions on a broad range of topics including economic outlook, employee and labor issues, financing, technology and public policy. The [complete results](#) are available now.

#### NSBA Launches 'Tax Gap' Initiative

NSBA has launched an initiative and [Web site](#) aimed at defeating Internal Revenue Service plans to narrow the so-called "tax gap" by targeting the small-business community. To learn more, visit [preventirsabuse.org](http://preventirsabuse.org).

#### NSBA Founds Procurement Coalition

NSBA is committed to helping your business grow through expanded federal

procurement opportunities. Click [here](#) to find for important procurement tools and the latest on a coalition NSBA has founded to promote small-business procurement.

## NSBA Calls for Broad Health Care Reform

NSBA continues to fight for a complete reform of the health care system. The far-reaching proposal is designed to bring relief to small businesses.

Read the proposal at [nsba.biz/healthreform](http://nsba.biz/healthreform).

## NSBA Supports the Fair Tax

NSBA continues to support the Fair Tax, a 23-percent, single rate, national retail sales tax. The Fair Tax will be applied to the sale of all consumer goods and services at the final point of consumption.

More information is available in our [issues](#) section.

## NSBA Supports Energy Star Program

NSBA supports the Energy Star program, which provides free information and technical support to help small business reduce energy costs, and protect the environment. For more information, please visit the Energy Star [Web site](#).
